THE HEALTH CARE PLAN.....

If you haven't been following the President's Health Care Reform effort lately you're undoubtedly one of the few. The current Health Care System may not be flawless, but this is like trying to rebuild the carburetor while your engine is running—possibly not going to go so well. The best thing you can do is stay informed and updated. Copy/paste the link below into your browser to view Obama's Full Health Care Plan.

How can I get more out of BidGenerics.com?

Yes, we have incredible savings that simply can't be found anywhere else. Sure, you can get competing prices from dozens of suppliers in your area all at your fingertips in real time. But how?

Oh, it's easy:

- 1.) Start by spending a couple minutes fine-tuning your selected Suppliers.** Your specific needs will change along with the availability of many drugs. For this reason you'll want to keep an open mind when choosing which Suppliers to buy from;
- 2.) Assign a tech!** You may have heard this from us before but it's proven to be effective. Have a tech spend just one or *two hours per week* with BidGenerics.com and save you as much as *\$600 per week*—and you don't have to do a thing. Before you let your tech have at it be sure to go through the setup process with them and make sure they understand your parameters. Its free for you to sign up, use, order and save;
- 3.) Maintain your Max Price fields.** This will be key in tracking your savings. If you haven't set a Max Price on a drug then you are actually seeing savings based on what other members had set as their Max Price. So, simply select the icon (pencil, piggy bank or dollar sign) next to each drug on your Order Sheet and enter the best price you can get the drug for outside of BidGenerics.com.

No matter what your strategy, saving money with BidGenerics.com is a breeze. Log on now and see what we're talking about.
