## Tip of the Month—Set your Max Prices

Ordering with BidGenerics.com has been proven time and again to be the most efficient, convenient, and exclusive way to get the competitive pricing environment that just can't be found elsewhere.

And while you will still get the great savings no matter how you order with us, the only way to truly see the impact on your bottom line is to enter your **Max Prices**.

Your **Max Price** is the lowest price you have paid for each drug outside of BidGenerics.com. Entering this figure allows us to calculate your real savings.

To enter your **Max Prices** just click on the icon (pencil, piggy bank or light bulb) next to each drug on your Order Sheet and you'll see the Max Price field in the window it brings up. That same window also allows you to set reorder points and specify a manufacturer, when desired.
