### Important QuickTip

If you prefer to switch manufacturers less often, then this is a need-to-know piece of knowledge. Within the "Update My Company Profile" link on the Status Page is a tool that allows you to specify the price savings that you would be willing to change suppliers for.

So if you're not willing to switch suppliers (and therefore risk switching manufacturers) for less than \$1.25, for example, just select the "Order Same Supplier" checkbox and enter \$1.25. This is a per unit amount so be sure to keep that in mind.

*Now you can more easily retain manufacturers even when the manufacturer isn't specified.*
